General description:

The Hallberg-Rassy 36 was built during 1989 – 2003 where a total of 602 hulls were build. This explains the boats popularity. A well arranged interior layout with excellent comfort and unimpeded passage from one end of the boat to the other. She has surprising performance for her type, the result of the hull parameters and shape by her designer, Germán Frers. The moderate V sections result in a pleasant motion at sea normally found in larger yachts. She has won her class in the ARC over the Atlantic as well as local races.
