DESCRIPTION OF ELAN 31

With the 31 Elan made a fantastic performance cruiser, stiff, fast, more capable all-round performer that is a better cruiser and a joy to sail. The hull is low, narrow, sleek and elegant, with a long waterline, a deep, narrow keel and a high angled rudder. Under sail she is both powerful and easy to handle with a small crew, and sails really well in rough seas as well as in light wind conditions.
