DESCRIPTION OF HALLBERG-RASSY 37

Hallberg-Rassy in Ellös are well-known for their beautifuland high-quality blue-water cruisers. The 37 is a nice example of the concept in the 37-feet size range. She is designed to excel on any ocean, benefiting from the center cockpit and her great sea-keeping. The boat is very comfortable to life on for extended periods. In the aft sections of the boat is the owners cabin and in the fore peak is the guest cabin. Between the two is the main cabin, the bathroom, the nav station, and the galley. Below the cockpit sole is the engine room, a really nice space for installtion of most of the more noisy technology onboard.

Hallberg-Rassy 37 is part of the second generation German Frers-designed Hallberg-Rassys, where a longer waterline and fulle sections aft yields even better sailing. This 37 has the optional 1.60 m draft keel, making her suitable for all waters on the planet, incl for example the European canals. You can cast off to any destination you can think of.

The second owner of this beautiful Rassy is now selling. A very nice yacht with many recent upgrades making her that little bit extra appealing. Indoor storage in the current ownership makes her shine that little bit extra.

More information on the Hallberg-Rassy 37 can be found here
