## DESCRIPTION OF BENETEAU FIGARO 3

---

Beneteau's Figaro 3 is first series-produced sailboat with foils ever, designed by VPLP. This boat offers outstanding sailing for those who want to challenge themselves in single-hand or short-hand sailing on the ocean or in the archipelago.

This is boat number 24 and has, among other things, merits such as gold on the French Figaro championships, the Baltic 500 and more. The sail wardrobe is complete with one set from 2019 and one (barely used) set from 2020. Both rudders have been changed to the new version that is made in France as the original version on all Figaros manufactured until 2021 had problems with cracks and breakdowns. The foils-profile is updated by Multiplast. The boat is stored indoors.

The price is EUR 150,000 plus VAT (can be purchased by companies).
