DESCRIPTION OF X-YACHTS X332

Surely one of the most popular and successful sailboat in its category, the X332 was designed by Niels Jeppesen with the intent to be a "mid-size offshore one-design." The racer as well as the weekend cruising family will feel at home on this boat, which has been winning races in IRC and would surely please any passionate sailors who want to switch from performance to comfort at anytime. With 400 exemplar sold, strongly built with a hull made of hand laid laminate with strong diviny cell between the layers. A galvanized steel frame is located above the keel which provides torsional stability.

The cockpit is well designed with easy access to all winches and pianos. The interior in clear teak, provides a large saloon with a L shape galley to port. 2 double berth cabins and a bathroom, giving sleeping possibilities for 6 persons.

This version has been well maintained and is in great condition, offering a large choice of sails (mostly North Sails) with 2 main sails, 2 spinakers, 1 jib and 1 new storm jib. The hull with its bulb keel is in great condition as has been re epoxyed in 2015. Regular equipment updates are listed into the equipement list.
The boat is ready to cast the lines waiting for its new owner.
