DESCRIPTION OF DANBOAT 33

Here we offer a true classic in well-maintained and updated condition, where the current owner has carefully looked after and cared for the boat for many years.

First Danish fiberglass boat build to order. A total of 99 Danboat 33 were built, of which 97 were exported to the United States and the last 2 came into Danish hands.

New Sole 3 cylinder 32 hp diesel from 2010. The boat has been past Walsteds Boatyard in 2022 for Awlgrip painting of hull and new slip pattern on deck.

The boat has good and safe sailing performance and is solidly built. A boat with history and charm that attracts attention wherever it appears. The boat's original drawings are included.

The boat has a well-appointed and protected cockpit. Below deck, the boat really shows its charm and cosines with the fine and well-preserved accommodation with many details. Good pantry and nav station aft and a saloon with good bunks. Front to port closed toilet, a small passageway, and a cozy 2 bunks area in the bow.

A boat that must be experienced.

Danboat 33 DKK 235.000 From 1965
