DESCRIPTION OF NAUTICAT 32

The Nauticat 32 was developed as a smaller version of the more sailboat aimed Nauticat 35 and quickly became very popular.

A Nauticat 32 is a very nice and well-arranged sailboat with deck saloon. Detail quality work out of the ordinary and helm positions both inside and outside distinguish this boat. The condition of the boat must be considered very good, the current and previous owners have taken good care of her.

With the Nauticat 32, you get a deck saloon boat with a quality of detail beyond the ordinary. The interior is a very good example of what Nauticat's skilled boat builders can achieve. Solid dimensions and well-thought-out solutions mean that the boat works very well both under sail, at anchor and moored. This boat has two large cabins, one at each end of the boat with a double berth in each cabin. Amidships is the large deck saloon with full panoramic views and the interior helm position also with a panoramic view. Half a flight of stairs down there is a spacious toilet with a space for foul weather gear to port and a very well-equipped galley to starboard.

The deep cockpit is protected even in rough weather. She is easy to sail with both a furling mainsail and a furling genoa. In addition this boat comes with a spinakakker for easy light wind sailing. Solid side decks with a solid guard rail adds to the feel of safety and comfort.

The boat is built and equipped for long range cruising having very large tanks for fuel and water. Upgrades have been added to this boat including in particular navigation throughout. For full detail download the equipment list from our website in pdf.
