DESCRIPTION OF DEHLER 39SQ

Dehler Yachts - the original in the Performance-Cruiser segment, performance-oriented sailing with exquisite living comfort. Countless awards and top placings in regattas show that the shipyard, since its inception in 1963 with over 25,000 boats built, is dedicated to founder Willi Dehler's mission: quality, affordable boats that are as suitable for cruising as they are for racing. The Dehler 38 has now been produced in over 500 examples. The racer Dehler 30 od won the European Yacht of the Year 2020! In autumn 2022, the Dehler 46SQ was launched! In 2023, Dehler Yachts turned 60 years old!

The Dehler 39SQ is a quality boat with very good sailing characteristics and modern lines. The Dehler 39SQ is a fast, stiff and well-balanced sailboat and it is designed by Judel&Vrolijk together with Dehler Yachts. SQ stands for Speed & Quality.

This boat is in very good stand, well equipped, read the extensive equipment list, lots of sails, rod-rig, specially ordered keel, 2,13m but instead with the ca 700 kg heavier bulb which is standard on the 1,95m keel.

Perfect combination instead of the 2,35m keel with less weight that gives a tougher measurement number when racing and that also limits you a bit in the shallow archipelago's in Scandinavia.

So this configuration means better up-wind performance and keeps the Arcona 400:s behind.

So if you are looking for the ideal performance-cruiser, why wait?

Price is dropped 100.000:- SEK.
