## DESCRIPTION OF ARCONA 400

---

Here you will find a well-maintained and fully updated example of the popular Arcona 400 in a 3-cabin version.

Complete new electrical installation, battery bank and navigation.

With more than 150 boats produced over a 15-year period, the Arcona 400 has manifested itself as a stylish and solidly built quality boat in the popular 40-foot class, where competition is fierce. At the same time, the boat has distinctly good and safe sailing performance and is therefore still a very sought-after boat on the second boat market.

This boat is furnished with 3 cabins – 2 well-dimensioned aft cabins and a secluded fore cabin. Nice toilet area aft to starboard and well-proportioned pantry to port. To starboard there is also a chart table. Large saloon with u-sofa and longitudinal bunk.

The furniture is made of the finest teak according to the best craftsmanship traditions and appears in very nice and well-maintained condition.

As can be seen from the equipment list, the current owner has continuously updated the boat, and many investments have been made in recent years, where it should be especially highlighted that the entire electrical installation as well as the battery bank and all navigation equipment have been replaced in 2023.

A quality boat with an emphasis on great sailing pleasure, comfort and simple handling that is worth inspecting - launched and ready for new adventures with a new owner.
