## DESCRIPTION OF HALLBERG-RASSY 34 SCANDINAVIA

---

In 1990 the almost revolutionary Hallberg-Rassy 34 was launched. The concept was a new Frers designed model with greatly improved performance compared to earlier production Hallberg-Rassys and a look that can be described so contradictory as younger, yet classic at the same time. This should be done without sacrificing all the good old Hallberg-Rassy qualities such as sturdiness, seaworthiness, comfort, safety, and fine woodwork. This concept came reality in every aspect and the 34 came to be a commercial success and a forerunner for a whole new generation Hallberg-Rassys. 484 units were built during the sixteen years the boat was in production from 1990 – 2005.

The boat is equipped with a comfortable and deep cockpit, where you sit well protected behind the windscreen and sprayhood, and where the tiller steering provides an unobstructed passage. Both the deck and cockpit are equipped with the finest real teak.

Below deck, the interior is light and very spacious for the size of the boat. The fact that the saloon is relatively far back in the boat, it entails a surprisingly long and wide saloon. The boat is equipped with a spacious pantry to port for the entrance and with a double berth in the aft cabin on the port side behind the pantry. To starboard the nav station and behind the toilet with shower. In the front of the boat is the owner's cabin.

Here we are offering a boat in very good and updated condition from 2001 with build number 315 and 2 owners only.

Hallberg-Rassy 34 Scandinavia DKK 835.000 From 2001

### Specifications:

LOA 10,28 m

LWL 8,69 m

Beam 3,42 m
