DESCRIPTION OF FINNGULF 46

Finngulf sailboats are manufactured by the renowned Finnish quality shipyard Finngulf Yachts. It is famous for handcrafted, traditional Finnish carpentry combined with elegance, and the boats offer excellent sailing characteristics.
No wonder their slogan is "100% Sailing"!

The FG 46 features a bright and classic saloon with an L-shaped galley equipped with everything necessary for long periods at sea if desired. The dining area has a large table and comfortable sofas for a larger crew.
Next to the stairs is a traditional navigation table, which also works excellently as a "home office."
Aft, there is a larger head with a shower and space for drying clothes.
In the bow, there is a cabin with an asymmetric large double berth, a locker and other storages.
This "owner's cabin" also has its own head with a shower.
The mirrored aft cabins have a double berth with a narrower upper berth, which serves as an extra bed or excellent storage for bags, in addition to the lockers.

The cockpit is designed for real sailing but is also comfortable for social gatherings.
There are twin wheels for good visibility forward and easy passage aft. Winches, sheets, and other fittings are placed where they should be for easy and efficient handling, even for a small crew.

The Finngulf 46 is a very successful design with beautiful and timeless lines that inspires admiration. The combination of excellent sailing performance and comfortable accommodation for the entire family makes this a dream boat!

This Finngulf is being sold by the second owner and is in very good condition, with many updates made over the years, such as the engine, electronics, electric winches, stove, etc.
A Survey has been done 28.3.2025 (report available upon request).

The boat is delivered launched and ready to sail, with winter service completed.

The boat’s homeport is in Helsinki and winter storage in a warm hall in Loviisa, one hour east of Helsinki, Finland.
