

Nauticat 39, 2000

Location: Helsinki - Helsingfors

Price: 148 000 € (1 623 839 SEK/1 104 970 DKK/632 177 PLN)

Nauticat 39 – a stylish and delightful boat with great sailing characteristics, yet also performing very good under engine power. The deck saloon allows for steering from inside when needed, providing nice protection from the elements – a perfect combination of a sailing yacht and a motorsailer for long ocean passages or shorter day trips.

DESCRIPTION OF NAUTICAT 39

Nauticat is built by the renowned Silta Yachts yard in Finland, famous for its outstanding quality, perfect craftsmanship, combined with high safety standards and elegance.

Below deck, you will find a beautiful, handcrafted teak interior, along with numerous smart and practical details.

The deck saloon is spacious, featuring a large U-shaped sofa where the crew can sit comfortably while enjoying an unobstructed view in all directions. The saloon table can easily be lowered to provide two additional berths if needed.

The inside helm station also offers excellent visibility, with all technology easily accessible.

The functional, longitudinal pantry with generous storage space is a few steps down to starboard. On the opposite side, there is a smaller cabin with a wide berth and the forward head with a shower.

In the forepeak, there is a cabin with a traditional V-berth, an upper berth to port, and ample storage space.

Aft, the comfortable owner's cabin features a large bed, a cozy chair, plenty of storage, and a private head with a shower.

The powerful 50 hp engine is well insulated under the saloon floor and easily accessible for service.

In the cockpit, the entire crew can sit comfortably, with a foldable table available.

To port, there is a truly spacious storage compartment, along with various technical systems that are easily accessible.

The boat is designed for real sailing, with all fittings being of high quality and correctly dimensioned.

This Nauticat is being sold by its third owner. It is in excellent condition, has had no groundings, and is well-equipped with many updates.

Winter storage in a heated hall and home port in Helsinki, Finland.
