DESCRIPTION OF HANSE 320

The Hanse 320 has a modern design with a spacious hull and with a modern layout which gives spacious accommodation below deck as well as in the cockpit. A boat where clever details and a high degree of utilization give rise to long stays on board.

At the same time, the boat has distinctly good and safe all-round sailing performance thanks to the famous designer Judel/Vrolijk why the Hanse 320 is a popular boat.

Below deck the boat is furnished with 2 cabins with double beds. Nice toilet area aft to port with shower and electric pump in floor reservoir. Well-proportioned pantry to the starboard side. A nice salon area with a small integrated nav station table. Many nice storage solutions where all space is utilized.

As can be seen from the equipment list, the boat has been continuously updated, and more investments have been made in recent years. Everything appears in nice and well-maintained condition.

Contact responsible broker Lars Legarth for further information and for an appointment to see the boat.

Hanse 320 DKK 449.000 From 2008
