DESCRIPTION OF DEHLER 36 SQ

Dehler 36 is a high performance sail-boat. Great sailing on points of sail are married with a high-quality interior in cherry. In the 36 SQ you find all of the experience gathered over the years by Karl Dehler and his team. This boat, from 2007, has a blue hull and a nice teak deck.

The first owner was dutch and second, current owner acquired the yachts in the Netherlands in 2014. The yacht has been based on the Swedish west coast since.

The cockpit is setup for sailing, but is also comfortable when at anchor or when moored. Below decks, there are two fully appointed double cabins, a L-shaper forward facing galley to port, a spacious bathroom to starboard, and a classic main cabin with a c-shaped sofa to port and a straight settee to starboard. In between, there a large table with foldable sections on both sides, making it possible to a large crew sitting down in comfort for meals, but also for a crew of four to dine to port without disturbing the passage forward.

In addition to this, there is a clever cabin behind the bathroom, which can be used either as a an extra sleeping cabin or ample storage space with great access.

This is an opportunity to acquire a great example of the Dehler 36 SQ.
