DESCRIPTION OF ANYTEC A27 C

Anytec A27C – 2022 | Mercury V8 300 AMS DTS – Approx. 70 h | Fully Equipped & Exceptionally Maintained

Now is your chance to acquire one of the most sought-after aluminum boats on the market – the Anytec A27C (2022) – offered in excellent condition and loaded with premium equipment. This vessel combines uncompromising performance, rugged Scandinavian design, and high-end comfort. Built for everything from high-speed commuting to extended cruising in demanding weather conditions.

Anytec's patented nano-treated surface finish enhances the already exceptional characteristics of marine-grade aluminum. A glass-like protective coating provides superior resistance against UV radiation and saltwater – ensuring durability, low maintenance, and a premium aesthetic.

Powered by a strong and reliable Mercury V8 300 hp AMS DTS (2021) with only approx. 70 engine hours. Always stored indoors and maintained according to Mercury guidelines.
