DESCRIPTION OF BAVARIA 33 CRUISER

Bavaria has once again succeeded in creating a bright and modern yacht with plenty of wooden details that provide a warm and inviting atmosphere.
The legendary Bruce Farr designed this new generation Bavaria Cruiser 33 – a stylishly designed modern sailing yacht that offers excellent performance along with easy and safe handling, even for single-hand sailing.

The interior is among the most spacious in its class, with a headroom of up to 190 cm.
The saloon features a large folding table and long settees that comfortably accommodate a larger crew.
A practical and well-equipped galley is located to starboard, and to port there is a very roomy head with shower.
The forward cabin has a classic V-berth and ample storage. The large aft cabin offers a wide berth and generous stowage space.

The cockpit and deck are designed for easy and safe sailing, even with a small crew. Furling sails and solid winches within the skipper's reach make handling smooth.
The fold-down bathing platform works perfectly as a swim deck and also makes boarding from the dock easier.

The efficient Volvo Penta provides power while motoring, and the bow thruster makes harbor maneuvers simple.

This Bavaria 33, sold by its second owner, is in excellent condition, very well equipped, and has been regularly upgraded.

Home port and winter storage in a hall in Särkisalo, about 2.5 hours west of Helsinki.

Possible exchange for a 30+ foot motorboat in good condition and around the same price range.
