DESCRIPTION OF DEHLER 32

With over 25,000 boats built, Dehler takes pride in creating well-loved yachts that perform excellently. This particular example is fitted with nearly all available options, the most striking feature being the full teak interior. It also has a teak deck on the coachroof and in the cockpit. The boat comes with the performance package, which includes the deep 1.98 m keel, larger winches, and a carbon spinnaker pole.

The Dehler 32 can be described as a performance yacht that is light and easy to sail, yet offers impressive interior space for its size. Designed by Judel/Vrolijk, it has a timeless look that works beautifully.

Exterior: This example is equipped with a steering wheel, giving great freedom on longer passages. The helmsman enjoys excellent visibility whether seated or standing. The cockpit is spacious, and all deck gear is well placed — a hallmark of a true performance boat, ensuring everything is within easy reach whether sailing short-handed or with a full crew.

Interior: The Dehler 32 combines modern and classic design. It features a practical L-shaped galley with ample storage. The saloon is light and spacious. The forward cabin offers good space for two adults with plenty of storage. The head is roomy and has direct access to the aft locker, which is also accessible from the cockpit. The aft cabin is also generously sized for two, with excellent storage.

The boat will be available for viewing in late August/early September.

This yacht is listed as "incoming". New photos will be taken shortly (current ones are provided by the seller and a few years old). A full equipment list will also follow soon.
