DESCRIPTION OF HANSE 411

Designed by the well-known Judel/Vrolijk, the Hanse 411 has been thought through for being a great family yacht, eventhough it will certainly appeal to the sporty sailor.

Equiped with a main sail, genoa and gennaker, she is easy to handle while sailing and delivers great sailing performance. With only 1400 hours, the Volvo engine D2 of 55 hp secures comfortable passage when needed.

On the boat, the original glued teak deck shows very nicely on the large gangways, which are easy to walk on. The spacious sheltered cockpit with its large steering wheel offers very good visibility at all angles while at sea. This generation Hanse has been designed to genuinely provide natural light and was furnished with beautiful teak moldings giving the interior and the lay out a timeless charm, with its U shape saloon facing 2 comfortable armchairs.

From the salon you go forward to the boat's master cabin with ensuite bathroom, offering a double berth a large closet and storage space. Two twin cabins with double berth come at the aft with a near bathroom. The L-shaped galley offers generous storage and a large fridge. During winter the boat has been stored inside a hall in Bostad between 2016-2021.
