DESCRIPTION OF NAJAD 361

This yacht exudes quality and is a shining example of a true Orust yacht, built by the renowned Najad Yard in Sweden.

Below deck, comfort is excellent and the mahogany interior is of the very highest standard.
The saloon features a large folding table and comfortable sofas that can easily be converted into two wide extra berths.
To starboard, at the companionway, there is a light toilet with shower and plenty of lockers. The WC is mounted lengthwise, making it usable on all tacks.
Forward of the toilet is the navigation station, nowadays often serving as the “onboard office.”
The longitudinal galley is located in the passageway aft and is well-equipped with, among other things, a gas stove with oven, two deep sinks, a large and easily accessible fridge box, and generous smart storage solutions.
In the forward cabin there is a double V-berth and ample storage.
Aft lies the luxurious owner’s cabin with a wide double berth and plenty of locker space.

The comfortable centre cockpit provides shelter from the weather behind the fixed windscreen and smart sprayhood that can be closed. The long cockpit benches easily accommodate the entire crew, and there is also a folding table.
The deck layout is well planned for easy and manageable sailing, even with a small crew.

The large engine compartment, which also houses other technical equipment, makes servicing convenient.

This Najad 361 is in very good condition, well-equipped and with many updates over the years! She has had no groundings or other notable damage.

The yacht is being sold by her second owner, with a berth in Helsinki and winter storage in Espoo (30 minutes from Helsinki - Finland).
