DESCRIPTION OF AQUADOR 28 HT

As part of the Nimbus group since 2018, Aquador has continuously developed its recognizable signature.

The Aquador 28 Hard Top is an elegant and versatile cruiser known for its spacious cockpit, full galley and space for up to six people, making it ideal for both day trips and weekend getaways.

This version features a large aft sunbathing platform, a hidden anchor space and intelligent storage for fenders and a grill. An important development was the expansion of the bathing platform, which builds on the popular previous models such as the Aquador 26 HT.

The boat has only 210 engine hours and many options are included (see equipment list).
