DESCRIPTION OF JEANNEAU SUN ODYSSEY 32i LEGENDE

We have just received this very well maintained and updated Jeanneau Sun Odyssey 32i Legende from 2007 for sale.

The boat is being sold by its second owner. When you come aboard, you will experience a Jeanneau Sun Odyssey 32i Legende that could almost be a new boat. The sails are from 2025. Cushions in the salon were reupholstered in 2025. There is a new chart plotter, new Selden rod kicker. In addition, sail management has been optimized with a new dynema backstay tensioner, improved sheet system for the mainsail, etc. A new Gori folding propeller has been installed, and the engine hours are only a little over 700.

You get on board the boat via the newer bow platform that provides safe access. It is a nice cockpit, and on the Legend version there is a steering wheel with instruments. In addition, nice space for the crew. All sail management is handled from the cockpit. From the cockpit there is a descent to a bathing platform with a bathing ladder and a shower with cold and hot water.

From the cockpit there is a descent to the salon, which contains a beautiful sofa arrangement where the cushions have been reupholstered. The table is foldable.

On the starboard side there is the galley with oven, refrigerator and sink, as well as cold and hot water of course.

On the port side aft, there is a very spacious cabin, where there is also cupboard space for the wardrobe.

In front of the aft cabin there is a large bathroom with toilet and shower. The toilet is connected to a holding tank.

At the very front of the ship there is a good cabin with a large berth. Here there is also cupboard space for the wardrobe.

The Jeanneau Sun Odyssey 32i Legende is an incredibly spacious boat that has all the comfort you could wish for. It is difficult to think of anything that is missing! The boat is extremely well maintained and has only very few signs of use.
