DESCRIPTION OF HALLBERG RASSY 34 SCANDINAVIA

The Hallberg-Rassy 34 is one of the most popular models from Hallberg-Rassy and is known for being a reliable and seaworthy boat that is perfect for shorter and longer sailing trips.

A Hallberg-Rassy 34 combines sailing pleasure and comfort in a way that was not thought possible on a 34 feet yacht before the model was launched back in 1990.
Until 2005, the Hallberg-Rassy 34 was built in 484 copies, this model has number 333 and has most of the improvements over the years plus new sails, new electronics, new cushions and much more.

The cockpit is both spacious and comfortable. Thanks to its depth and the classic windscreen, you are well protected from the elements. Below deck, you are greeted by a light and airy saloon with comfortable longitudinal sofas and plenty of storage space overall.

The galley is located on the port side and has, among other things, a gas stove with oven, fridge with a small freezer compartment and plenty of work surfaces. Opposite the pantry is the navigation area with plenty of space for navigation, but also serving as the home office on board. In the forepeak there are two proper and comfortable berths and plenty of storage. Aft there is a separate cabin, also with a large double berth. Last but not least, a bright and roomy toilet with shower facilities.

This example is sold by the second owner. The boat has always been kept covered and the present owner has made many updates. New sails, new saildrive membrane, new electronics, new cushions, electric toilet and much more. Check the equipment list in pdf above.
