## DESCRIPTION OF BAVARIA 33 CRUISER

---

The Bavaria 33 Cruiser designed by J&J is a spacious modern cruiser in the 33-foot class with a very well-balanced size and sailing character. This version comes with a 1.85 m keel. A very nice and annually maintained boat from a professional shipyard (Sydmarin). The boat has recently been upgraded with new sails and cockpit tent/sprayhood.

This two-cabin version offers a generous interior space with a comfortable saloon, galley, table chart and bathroom.

A great boat for coastal cruising and island hoping.
