DESCRIPTION OF SEALINE SC 29

The Sealine SC29 is an excellent choice for families and couples who appreciate high quality, sporty performance, and effortless boating.
The boat features a truly spacious enclosed mid-cabin for two with a door, which also has direct access to the toilet/shower room. The U-shaped sofa in the bow can be converted into a second double bed. If needed, an additional bed can also be made up in the saloon.

The boat also has a spacious and bright enclosed toilet/shower room, as well as a well-equipped galley with an induction stove and a fridge-freezer. There is also plenty of versatile storage space.

The boat's easy-to-use integrated sliding roof mechanism lets the summer in, and when necessary, the roof can be closed in an instant without having to wrestle with canopies.

You can also enjoy the summer on the bow deck's sun pads or in the open cockpit, which can be completely enclosed with canopies if needed.

The Sealine SC29 is the perfect cruiser for both weekend getaways and longer holidays.

This specific boat was originally sold new in Finland and has been stored in a heated indoor hall.

A trade-in for a small trailerable outboard boat (price range approx. 25,000€ - 30,000€) or a large and recent Sea-Doo 325/300 jet ski is also possible.

The boat is available for viewing in Helsinki, Finland.

Please feel free to get in touch if you would like more information or wish to arrange a viewing on site.
