DESCRIPTION OF ARCONA 430

The Arcona 430 features three cabins, two heads, a shower, heating, hot water, and a cooling box. Examples of optional equipment on this specific boat, "Tant Blå," include a Raymarine 12" Axiom plotter, radar, autopilot with remote control, watermaker, and an additional cooling box. Instruments include wind, log, depth, multi-display, rudder angle indicator, AIS Class B (2018), and VHF. She is also equipped with a cockpit cover on frames, anchor winches at both bow and stern, lazy-bag, lazy-jacks, backstay tensioner (multi-block), shore power, a dinghy with an outboard motor, and a bimini with solar panels on stainless steel frames over the wheel. Mattress toppers are provided in all cabins. A complete specification is available as a PDF file above.

"Tant Blå" is Swedish-owned and was sailed down to Vilamoura, Portugal, in 2022; prior to that, she was sailed in the Stockholm area.

Arcona UK describes the model as follows: "The 430 was the 2009 European Yacht of the Year, applauded as the ideal cruiser-racer, combining race-winning speed and heart-warming comfort."

Are you planning to sail to the Canary Islands, the Caribbean, or into the Mediterranean? This boat is perfectly located in southern Portugal, near Faro Airport. Alternatively, sailing her back to Northern Europe is an excellent option. If you lack the time, we may be able to arrange delivery sailing.

In July 2025, a comprehensive inspection and major service of the entire boat was performed by Sopromar in Lagos. Receipts and specifications are available. Highlights of this extensive service include:

- Hull and deck wash
- Rigging inspection
- S-drive diaphragm (bellows) replaced (2025)
- Mainsail inspected and laundered
- New batteries: 4 service (4x100Ah AGM) and 1 engine (1x90Ah AGM)
- Two solar panels on the coachroof replaced
- Propeller service: cleaning and Pro Speed treatment
- All sacrificial anodes replaced
- Full engine service: oil, all filters, impeller, etc.
- S-drive oil change
- Life raft repacked
- New gas hoses and fittings
- All stainless steel polished
- Full hull polish and wax
- New antifouling
- New dinghy
- New Mastershunt for battery monitoring
- All fire extinguishers serviced
- Sprayhood inspected and refurbished

Previously, Gustavsbergs Marincenter (Arcona specialists) performed the following:

2020

- Cutter stay, attachment, halyard, and storm jib (Spectra tri-radial)
- New Hydra Net mainsail with 3 reefs (UK Sailmakers)
- New Hydra Net headsail (UK Sailmakers)
- Anchor sail
- Watermaker
- Aft bimini with solar panels
- Full cockpit sunshade bimini for use in harbor
- Seawater tap in the galley
- Boom brake
- Watt & Sea hydrogenerator
- Through-hull fittings replaced with reinforced plastic
- 20 kg bow anchor with 80 m chain
- Extra refrigerator under the navigation seat
- Water vacuum cleaner
- Outboard motor lifting arm
- Jackstays and padeyes
- Deck wash pump with seawater hose
- Mastervolt Mastershunt for shore power

2019

- Axiom 12" plotter
- Spinnaker pole including track and fittings
- ICOM IC-M93D VHF

Niklas Forsén from Båtagent inspected the boat and took most of the photographs in late January 2026.

The boat is available for viewing by appointment in Vilamoura.

Detailed facts and information can be found in the equipment list (PDF).
