DESCRIPTION OF BENETEAU MONTE CARLO 37

Beneteau Monte Carlo 37 (2008) – Excellent Condition, True Head-Turner

This Monte Carlo 37 is a real head-turner, featuring elegant lines and a stylish color combination that stands out wherever she goes. The hull was wrapped in 2025 and finished with a ceramic coating, giving the boat a premium look and easy maintenance.

Docking is effortless thanks to the YachtController – a wireless remote that allows you to control engines and bow/stern thrusters from anywhere on board.

The boat also offers excellent fuel efficiency. Beneteau's Air-Step hull reduces drag by channeling air beneath the hull. At cruising speed of 22–24 knots, fuel consumption is approximately 65 l/h (around 2.1 l/nm).

Well Maintained and Continuously Upgraded

The boat has been meticulously maintained and upgraded over the years:

- Hull sanded, primed, and new antifouling applied (2026)
- Hull wrapping renewed (2025)
- Polished and ceramic coated (2024)
- Raymarine Axiom touchscreen plotter installed (2023)
- Autopilot and remote control added (2023–2025)
- Exterior upholstery renewed (2022) – unique custom finish
- Interior upholstery updated (2021)
- Fully new DPH sterndrives (2022), approx. €28,000
