

# Sirius 38 DS, 2007

Location: Kolding

Price: 2 395 000 DKK. (3 510 722 SEK/320 673 €/1 364 865 PLN)

The German Sirius shipyard is known far and wide for high quality and solid craftsmanship over many years. Not least, they are known for their development and design of deck saloon boats, which combine the advantages with 360-degree views from the salon and an optimal use of space both below deck and in the large and protected cockpit.

## DESCRIPTION OF SIRIUS 38 DS

This Sirius 38 DS is no exception. This is a 2-owner extremely well-maintained boat that has been looked after and cared for by the owners throughout the years, where the boat has all the years been winter stored in dry hall.

As can be seen from the extremely extensive equipment list, nothing has been spared and how much of the equipment contributes positively to easy operation of the boat and comfortable stay on board.

The boat is a 2-cabin version, with a large double berth in the spacious aft cabin, as well as a very large and spacious owners' cabin in the bow. At the entrance to the owners there is to port a large toilet room with electric toilet, and to starboard large separate shower.

On the upper level of the starboard side opposite the large seating group is the boat's party with all the hassles and tabletops in the exclusive Royal Stone Mirror Black.

To starboard for the entrance is the navigation area with the boat's 2nd steering position. On the lower level on the port side there is access to a unique technical room furnished with a worktable.

Throughout the boat there is plenty of closet space and large living rooms.

All in all, a boat that in terms of space gives the impression of being significantly larger than its 38 feet, and with both safe and fine sailing characteristics, which is also highlighted in the boat magazine "YACHT" test of the boat.

All boats are built individually for the individual owner and this boat is no exception, where among other things a special keel has been developed for the boat designed by Georg Nissen Yacht design.

The boat has just been spring prepared, launched and rigged, and ready for new adventures with new owners.

Sirius 38 DS                      DKK 2.395.000                      From 2007

### Specifications:
