DESCRIPTION OF MARINO 9000

Marino 9000 – the perfect family boat with a large aft cabin and a completely overhauled engine (2024)

Now is your chance to acquire a classic and highly regarded Marino 9000—a spacious and seaworthy family boat with a smart layout and plenty of sleeping accommodations. The boat is ideal for both day trips and longer vacations in the archipelago.

The practical layout features both a forward cabin and a large, comfortable aft cabin, making the boat very pleasant for family and guests. Ample space on board ensures high comfort even during extended stays on the water.

The engine was replaced in 2005 and underwent a complete overhaul in 2024.

The boat is well-equipped and in good mechanical condition. The surfaces show some cosmetic wear and are partially sun-faded, which is normal for the model year.

Facts

- Marino 9000
- Model year 1985
- Location: Jakobstad, Finland
- Forward cabin
- Large aft cabin
- Spacious family boat
- Engine replaced in 2005
