DESCRIPTION OF DEHLER 41 DS

The Dehler 41Deck Saloon (DS)offers great comfort and German quality craftsmanship.
This model was a pioneering design from Dehler with a spacious deck-saloon cruising, with almost a 360 degree view, ahead of her time.
The boat has a very good response under sails, can easily be single handed with two electric winches operated via push buttons on the wheel pedestal controlling halyards, sheets and trim lines, making the boat long passages effortless.

Below deck the 41DS is spacious and solidly fitted out in light joinery, a large pantry and with ample stowage as well as a spacious owner fore and a big double cabin aft of the central salon.

This boat, hull nr. 45 has undergone a major refit in 2024-2025, professionally done by YCO in Landskrona, with more than 700 000 sek invested. From top to bottom, she now comes with a newly epoxy treated hull, new through hulls and ball valves, a refitted rudder, a new Yanmar engine 57hp and all the connected pipes, a refited axel drive, new instruments (Axiom 9 and I70), new heating and many more updates to be check in the equipment list below.
The boat is currently at her mooring in Helsingborg.
