DESCRIPTION OF TARGA 31 MK II

The Targa 31 MK 2 is a well-built Finnish quality boat that is a very versatile craft regardless of the weather. Swimming boat, family boat, transport boat, work boat - the Targa 31 works for all purposes.

This boat has a very low number of engine hours due to low use.

The Targa boats became famous thanks to the combination of a solid design and wonderful running characteristics together with a well-built and practical interior that fits perfectly on the sea and offers great safety. The current owner has hardly used the boat since 2022 and has always stored her in a warm hall during the winter months.

The boat is still stored in a warm hall and can be delivered on its trailer, ready for transport or launching according to the buyer's wishes.
