DESCRIPTION OF RAPSODY R30

Rapsody R30 is an exclusive and elegant Dutch weekend cruiser with classic lines and the so-called lobster stern.

The notorious Dutch Boatyard Rapsody Jachtbouw is a Traditional boatyard famous for its classic yet modern motor yachts build with beautiful details, lots of high-gloss varnished mahogany and an immaculate teak from front to stern.

The multichine / deep V hull design and relatively heavy displacement ensure a very comfortable ride in almost any sea condition. Her steep stem, the flared bow and the angular windscreen with mahogany frame further gives the Rapsody R30 a distinctive and Customs Cruiser-like profile.

With her spacious cockpit and generous seating area aft, that can be converted into a first class comfortable sunbathing area, the Rapsody R30 offers plenty of living space on deck for crew and guests.

The yacht has additionally been designed as a weekend cruiser with a spacious and functional accommodation below the raised foredeck. This entails a very cozy cabin in high-gloss varnished mahogany with white paneling and with the conversion of the salon table sitting area below, two people can sleep comfortably and further on this boat the living area has been extended even further with a sprayhood and full cockpit cover in top class canvas that even suits the boats design.

This Rapsody R30 is a beautiful, well-maintained and fully equipped yacht. Every year she has been kept in indoor winter storage. Hull is in a beautiful dark blue colour with white waterline and teak decks all over.

As the icing of the cake, this Rapsody R30 has the VOLVO PENTA D6-310 six-cylinder with sterndrive and duoprop, the yacht easily reaches top speeds exceeding 30 knots and runs a comfortable cruise at low revs. Harbour maneuvers are made easy by a powerful bow thruster.

The owner since 2017 has just launched the boat, which is now fully ready for its new owner.

She can be viewed in the water at a marina near Roskilde in Denmark anytime by appointment.
