DESCRIPTION OF BAVARIA 30

Bavaria 30, the smallest of the Bavaria boats with so much content in a nice compact format. This very nice and well-maintained boat from 2006 is to be admired.
The Bavaria 30 Cruiser combines all the advantages a cruising family should have: spacious, reliable, good content and economically easier to maintain. Compared to a 31-footer and even a 32-footer, the interior looks just as spacious and elegant with its two-cabin layout.
The sailing characteristics are surprisingly good and all installations on board are of a good standard. The usual large and rolling genoa, a good Penta and steering wheel ensure easy and good propulsion both under sail and with engine. The boat has been very well looked after by its owners and is today in very good condition.
