DESCRIPTION OF MALÖ 36

Malö 36 is a sturdy yacht made by the Orust based Malö Yachts designed with a beautiful classic, timeless look. The boat breathes quality and is a shining example of a real Orust boat. The boat is perfect for the sailing couple or for the family having high demands for both details quality and a steady seagoing yacht.

Varying weather is not a problem, a Malö 36 sails well in heavy weather conditions and is also surprisingly fast in weak wind conditions.

Below deck, comfort is very high and the interior in matt lacquered and hand-polished mahogany is of the absolute highest class.

The large saloon is comfortable with two longitudinal sofas that, if necessary, can be used as two to three extra berths.

The boat has two cabins. In the front cabin you find a large double berth and plenty of stowage space in real wardrobes, cabinets and large drawers under the v-berth. On the port side of the forepeak there is also a seat, as well as two opening portlights and a skylight that provides ample light and good ventilation. In the aft cabin you find another large double berth as well as a lot of stowage space.

In the cockpit there is a hatch down to the aft cabin, just an example of one of the boat's many smart solutions.

To starboard there is a toilet with shower and here the toilet is mounted alongship so that it can be used safely on both the starboard and port tacking.

In front of the toilet there is a large navigation place that may nowadays often be used as the "onboard office".

To port you find a large and well-equipped pantry with gas double stove and oven, two deep sinks, a large fridge and plenty of storage.

This Malö 36 was first launched in 1997 and is in very good condition, it is well equipped and continuously updated. It is equipped with a furling mast for easy handling by a small crew.

Second owner who was a friend of the first owner is now selling as he is going ashore. The boat has always been in Denmark.
