DESCRIPTION OF NORD WEST 355

he 1999 Nord West 355 Flybridge is a premium, high-quality Swedish motorboat built on Orust, praised for its smart three-cabin layout and its solid craftsmanship.

The boat is equipped with two Volvo Penta KAD 44, the perfect engines for this boat. Cruising speed of about 23-27 knots and a top speed of over 30 knots. A boat that levels out well.

Now sold after 20 years with the same owner who bought the boat from Nord West second hand, she is a very well-maintained boat with all instruments doubled up on the flybridge. Large cushions on the flybridge and aft deck, fridge and cooler for proper storage and other equipment to make life on board as comfortable as possible.

This model has a very stylish and well-planned interior, from the helmsman's seat you have full control of the boat, and all its instruments and controls are in the right position both inside and on the flybridge. From the spacious aft deck you enter a salon that is at the same height as the aft deck. To starboard there is a galley with good storage and to port a nice sofa with table and seating for the entire crew. These can be converted into extra berths. Half a flight of stairs down to the port side is a substantial middle cabin. To starboard is a toilet.. In the bow is a large double berth. There is plenty of storage for clothes and other spaces for larger items.

A Nord West 355 is suitable for longer stays on board. A boat that will take you safely across the sea or just out to your favorite bay.
