DESCRIPTION OF HALLBERG-RASSY 34

Are you dreaming of safe ocean cruising or a boat to live comfortably in for long periods? A genuine piece of craftsmanship from Orust? Now is the opportunity to acquire a Swedish classic that combines uncompromising quality with good sailing performance. The boat has the equipment level required for coastal sailing and exudes a great condition for its age.

Features and Design

- **Sailing Characteristics:** The model is known for being more performance-oriented than the shipyard's older, heavier models, without compromising on stability. The boat feels well-balanced and easy to maneuver.
- **Cockpit:** A protected aft cockpit of 2.24 meters with a fixed windscreen that provides excellent protection against the sea and wind.
- **Interior:** The salon is finished in beautifully varnished mahogany with top-class craftsmanship. The layout is optimized for long-distance cruising with plenty of storage space, full headroom, and a functional galley and navigation area.
