DESCRIPTION OF ARCONA 380

This 2015 Arcona 380 is fully equipped and ready for new owners. It is a stylish, smartly designed boat for discerning sailors who want to get the most out of boat ownership.
The layout features three separate cabins, each with a double berth. It follows a classic configuration with an L-shaped galley immediately to starboard of the companionway, a head opposite the galley, and a saloon featuring a U-shaped settee, a straight settee, and a central table. The interior finish is impressive; the contrast between the white headliner, white hull-side paneling, and the mahogany woodwork creates a beautifully composed visual harmony.

In terms of sailing performance, this boat is a dream for even the most demanding sailor. She is responsive and remarkably light on the helm. The cockpit offers excellent access to all halyards, sheets, and trim controls. Back in port, the cockpit is comfortable, featuring a substantial swim platform and ample seating for the whole family.

Here is what *Search Magazine* wrote about the boat in their review:
"The Arcona 380 lives up to our high expectations. She boasts fine, well-balanced lines and is a delight to look at. We find absolutely nothing that jars the eye; every detail appears well-conceived and expertly crafted—as one would expect, given that the concept is built on the same successful platform as her previously mentioned big sister. It is evident that great effort has gone into creating a truly fine performance cruiser, inside and out. This is undoubtedly a genuine, high-quality build that appeals equally to those seeking nail-biting regatta racing and those looking for relaxed holiday sailing, sun, and swimming."
