DESCRIPTION OF TARGA

The Targa 27.1 is ideal for those seeking a safe and seaworthy boat in a compact size.
This updated Targa model is perfectly suited as a commuter boat, for fishing, or as a weekend cruiser for a smaller family.
The boat's excellent handling characteristics, combined with the walkaround deck and high gunwales, make it a safe choice in all weather conditions.
Radar, VHF, and a defroster provide additional safety while driving.A bow thruster and an electric stern anchor winch with a remote control make docking effortless.
The helm station offers excellent all-round visibility, and on sunny summer days, you can move up to the flybridge to pilot the boat.
The boat sleeps four and features amenities such as a heater, water heater, shower, and a gas stove, making cruising and overnight stays highly enjoyable.
This boat is in excellent condition, and I would be delighted to arrange a viewing.
Targa boats are also well-known for retaining their value exceptionally well.
The boat's home port is in Raisio, Finland.
