DESCRIPTION OF SILVER VIPER DCZ

On offer is a Silver Viper DCz in mint condition and barely driven.
This 2024 model has only 31 hours of use, and the factory warranty is valid until 2029. This means worry-free boating for years to come.
The nearly seven-meter hull offers plenty of space for 8 people, and the bow cabin comfortably accommodates a couple overnighting, even with a small child.
Comfort on trips is enhanced by a dual battery system, an electric toilet, a spacious refrigerator, and ample storage spaces.
On sunny days, the boat’s canopy can easily be folded out of sight into its designated storage compartment.
Honda's powerful 250 hp outboard engine easily gets the boat onto plane even with a heavier load, but also allows for enjoyable cruising at slower speeds.
The boat can be viewed at Merisatamanranta in Helsinki, Finland, and I would be happy to show it to you.
