

Salona 37, 2008

Location: Hangö

Price: 110 000 € (1 201 725 SEK/821 537 DKK/465 577 PLN)

A real "high performance cruiser" at a reasonable price with plenty of space. Salona 37 has 3 cabins, a spacious saloon and a large cockpit even for a bigger crew. Excellent sailing characteristics throughout the wind register make the boat an attractive option even for those who want to race from time to time.

DESCRIPTION OF SALONA 37

Salona 37 was chosen as Boat Of The Year both in Europe and the USA in 2007, no wonder it is so popular thanks to its versatility!

The interior is classic but functional, both out at sea and in port. To the port is a practical L-pentry, with plenty of storage, stove, oven and fridge box and to starboard a spacious navigation table that also works great as an "onboard office". In the aft there are double cabins and in the bow a cabin and toilet with shower. The saloon has comfortable sofas, which also provide berths for two and a flap table around which the entire crew can fit.

The cockpit has long benches and a large, detachable table with flaps. The deck layout is planned for efficient sailing without haggling over convenience or making the boat unnecessarily demanding. The aft bench can be unscrewed to make the stern open and sportier.

Salona 37 has a stable steel frame that absorbs the load from the keel and rig to relieve the hull.

The boat is in good condition, not grounded and is sold by the first owner. Winter stored in Hanko / Finland in a warm hall.

FACTS

LOA: 11,29 m
LWL: 10,23 m
Beam: 3,60 m
Draft: 2,00 m
Hight: 17,5 m
