DESCRIPTION OF DUFOUR 34

This Dufour 34 has "high performance" deck equipment for simple but sporty sailing, however, without making the boat unnecessarily demanding.

The boat has two large aft cabins, traditionally L-pentry to port and navigation table to starboard. In the saloon there are 2 spacious sofas as well as a flap table and in the bow a third cabin and the toilet with shower.

Even in the practical cockpit there is plenty of space, it provides good protection for the crew and excellent ergonomics for the helmsman.

This Dufour has been updated over the years, the boat is in good condition and sold by the other owner.

The boat is in Ekenäs, about 1.5 hours west of Helsinki / Finland.
