

Hanse 418, 2021

Location: Thisted

Price: 2 600 000 DKK. (3 801 018 SEK/348 137 €/1 476 865 PLN)

The new Hanse 418 exudes an unmistakable, strong personality that makes every day you spend on the water a true highlight. The Judel/Vrolijk design with clear, fast lines is already the talk of an amazed sailing scene. Thanks to the optimized hydrodynamic flow conditions, the straight stem and extra-long waterline, the Hanse 418 is perfect for a genuine sailing experience. The Hanse 418 is setting a new standard in its class of performance cruisers.

DESCRIPTION OF HANSE 418

This is a unique opportunity to acquire an almost new and very well equipped Hanse 418 for the 2023 sailing season.

This is a modern and very spacious boat of high quality and with many well thought out details.

The layout of the boat is very well thought out and it manifests itself both on deck and below deck. The large spacious cockpit equipped with 2 steering wheels and stationary cockpit table provides good access to the boat's large bathing platform and ample opportunity to both sit and lie on the large cockpit benches.

The simple layout makes the boat easy to handle under sail, where operation of all halyards and lines is led back to the steering wheels on the starboard and port side. The boat is upgraded with a powerful 57 HP diesel engine, which together with an efficient bow thruster makes harbor maneuvering a safe experience, and an engine that has the necessary power surplus to bring the boat forward in all weather conditions.

Below deck, the boat is light and spacious. You are greeted by a large L-shaped pantry on the starboard side and an equally large toilet/bath on the port side. Aft on each side there are 2 spacious and enclosed cabins. The salon is inviting and with great daylight from both hatches and windows in the coachroof as well as from the large hull windows. In front of the boat is the boat's master cabin with large and spacious bed and plenty of closets and drawers.

The boat is a 3-cabin version with 1 toilet/shower. The accommodation is made of oak veneer, which makes the boat appear light and spacious.

More upgrades have been made in 2023. See equipment list for further details.

Contact responsible broker Lars Legarth for further information and for an appointment to see the boat.

Specifications:

LOA 12,40 m

LWL 11,40 m

Beam 4,17 m

Draft 2,07 m
