DESCRIPTION OF MALÖ 36

Malö 36 is a beauty with fine lines and a classic, timeless design. The boat breathes quality and is a shining example of a real Orust boat. The boat is perfect for the sailing couple or for the family who place high demands on both details and the whole.

Varying weather is not a problem, Malö 36 sails well in heavier conditions and is also surprisingly fast in weak winds.

Below deck, comfort is high and the interior in matt lacquered and hand-polished mahogany is of the absolute highest class.

The salon is comfortable with two longitudinal sofas that, if necessary, can be used as two extra berths.

The boat has two cabins. In the front cabin there is a large double berth and plenty of stowage space in the form of wardrobes, cabinets and large drawers. On the port side of the forepeak there is also a seat, as well as two opening portlights and a skylight that provides nice light and good ventilation. In the aft cabin there is a double berth and a lot of stowage space.

In the cockpit there is a hatch down to the aft cabin, just an example of one of the boat's many smart solutions.

To starboard there is a toilet with shower and the toilet mounted longship so that it can be used on all bows.

In front of the toilet there is a navigation place that may nowadays often be used as an "onboard office".

To port there is a large and well-equipped pentry with gas stove incl. oven, two deep sinks, a fridge and plenty of smart storage.

This Malö 36 is in very good condition, it is well equipped and continuously updated. It is equipped with a roller mast for easy handling also by a small crew.

FACTS

Manufacturer: Malö Yachts
