DESCRIPTION OF OCEANIS 31

The Oceanis 31 is another amazing boat in this class from Beneteau. With an overall length of 9.66 m and a beam of 3.39, this is a very spacious 31-footer. Beneteau set the direction for smart family sailing with the Oceanis 323 model, among others. Utilizing the hull shape that retains maximum width almost all the way aft to an aft cabin model very large for the size of the boat was set with earlier designs and is even more refined in the Oceanis 31- The berth is transverse and has many windows for an aft cabin. Getting a substantial owner's cabin into a boat of this size is a stroke of genius.

The toilet and galley on either side of the companionway also take advantage of the boat's width and are cleverly designed. The saloon is relatively far forward in the hull, with the forepeak as a sleeping cabin.

Designers Finot-Conq have once again used their racing experience to design a smart and well-sailed family boat for Beneteau.

This boat was acquired newly by its current owners and has been well looked after and updated during the last years, see equipment list. This is an excellent opportunity to be ready for the next season well in advance.

Facts

LOA: 9,66 m

Width: 3,39 m

Depth: 1,80 m

Weight: 4850 kg

Water: 130 l

Diesel: 130 l

Engine: Yanmar 3YM20, 21 HP, 3-blade Flex-o-Fold propeller, straight shaft, ca 600 h
