DESCRIPTION OF BENETEAU CYCLADES 39.3

With the Cyclades 39.3, Beneteau has built a comfortable family boat with great sailing qualities. It has three spacious cabins, a spacious saloon and a large galley. The forward cabin has its own bathroom and on the port side of the companionway is the second toilet.

The galley has a large refrigerator, double hooks, a lot of storage space, as well as hot and cold running water. All cabins have enough storage and wardrobes.

The cockpit is large and has double steering wheels, making the boat easy to handle. This BC 39.3 is not only spacious but handles herself well during passage and in port. The cockpit offers enough room for you to move around freely and have a good view. With the large cockpit canopy (Kapell&Annat 2018) it turns into a large outdoor space. You also have the possibility of removing the sides and have more open space, whilst still being protected under the canopy roof. There is a shower on the bathing dock.

The boat's hull is well balanced between length, beam and depth. She sails well both in the archipelago and on longer trips across open water. With her long LWL you get a relatively high average speed.

A well thought out three-cabin boat with dual toilets, a large cockpit, nearly new cockpit canopy, and almost everything for a comfortable stay on board. A good price for an amazing boat.
