## DESCRIPTION OF MALÖ 36

---

Malö 36 is really a proper Malö with beautiful lines in a design that stands the test of time. The yacht ozes quality and is a splendid example of an "Orust yacht". This is a boat that will service the sailing couple or the discerning family. Malö 36 handles a nice sunny day on the water with the same aplomb as a rough day at sea. Taking care of her crew is what she does better than most.

Below decks you will be welcomed by an interior of the highest class and quality, superbly varnished and handpolished mahogany done the way Malö does. Simply the best. Two long settees, that can be converted to passage berths, grace the table that in itself is a work of art. All very comfortable and practical.

The forward cabin, which serves as the owners cabin, has a double berth and plenty of stowage in two wardrobes, two lockers, and two large drawers under the berth. Portside in the owners cabin you also find a place to sit, two openable portlights, and one skylight providing both good ventilation when needed as well as ample light.

In the aft cabin you will find another double berth as well as plenty of stowage. The aft cabin can also be reached via a cockpit hatch, an example of one of many smart details onboard the Malö 36. To starboard by the companionway you will find the heads with a shower. Forward of the heads/bathroom you will find the navstation, or perhaps these better referred to as the "onboard office". To port by the companionway you find the galley, large and well equipped with a propane stove with oven, two deep sinks, a large refrigerator as well as a freezer.

This Malö 36 has had the same owner for the better part of her life thus far. They have used her lovingly as well as sparingly. The second and current owner is now selling a yacht that is well equipped and updated in 2021.
