DESCRIPTION OF ELAN 344 IMPRESSION

The first owner is now selling his Elan 344 Impression.

The boat has been sailed in the Baltic Sea, Åland Sea/Finland and Hjälmare since it was newly bought in 2008.

It has been cared for over the years and is very well equipped for a comfortable stay on board.

When entering the saloon, you will be amazed by all the space this boat offers, how bright the interior is and the added headroom. The boat is of the 3-cabin type, two aft cabins that can accommodate a total of 4 adults. The bow holds the third cabin which can accommodate 2 adults.

The toilet is located directly on the starboard side of the companionway. It is spacious, bright and has plenty of storage. The L-shaped galley is on the port side, and has everything you need within reach, like a double hood, cool box and stove with oven. There is plenty of bench space for those who want to cook something more time consuming for the crew.

The saloon is spacious, and the ceiling height is a full 1.95m.

The cockpit allows you to sail without having to go on deck. All cases are pulled down. The table, which is foldable, is perfect for when you want to have dinner in the cockpit. While folded down, there is plenty of room to move around in the cockpit. The steering wheel is foldable as well, making it easy to get aft and take your morning dip in the sea or a hot shower on the bathing platform.
