DESCRIPTION OF X-412 MK III

The X-412 performance cruiser is by many said to be the most beautiful and attractive 41 foot Performance cruiser ever built. A total of 252 were built from 1990 – 2003.

This X-412 is from 2000 and hence the MK III version with the latest keel and accommodation modifications. She has the Modern 3 cabin layout with two large double cabins aft, a center line pantry and dining area, two heads and a huge owners cabin forward.

You can easily sail this boat shorthanded with the main and a foresail alone and still be one of the fastest around however; should you have the racing crew on board, you will find a load of sails in the equipment list to fit the wind and weather conditions and make her a very fast competitor to anyone who will take her on.

For general cruising with family and or friends, she has ambient space and an accommodation for both luggage and provisions for a very long time at sea.

Sailing an X-Yacht and in particular a X-412 is like travelling on the fast train. You will endure long passage at ease in no time.

For full list of equipment please download the pdf file above. If you should require any further information, please contact the responsible broker via mail or phone.
