## DESCRIPTION OF MAXI 33

---

When Pelle Petterson designed the Maxi 33, he took the hull from the Maxi 999 and made a shorter rig, heavier keel and a centre cockpit with a fixed windscreen. She was an immediate success and was produced over 12 years in about 800 models. This example has serial number 724.

Inside she has everything you could wish for in terms of comfort. A nice saloon with plenty of seating and storage. Kitchenette with gas stove/oven, fridge and double sinks with w/c water. A forepeak with double berth, a large aft cabin with two good sized berths and access from the cockpit. If you wish, you can also sleep in the saloon, which can accommodate a total of 6-7 people. There's also a toilet with a septic tank and 2-way emptying.

### FACTS:

Length: 9.90 m

Width: 3.23 m

Depth: 1.43 m (wing keel)

Depl: 4.500 kg

Engine: Volvo Penta MD 2003 (28 hp)

Fuel tank: 60 lit

Water tank: 135 lit

Septic tank: 50 lit with deck emptying

### EQUIPMENT:
