DESCRIPTION OF SAARE 38.2

Saare 38.2 is built in Estonia by Saare Yachts. The yard was founded 25 years ago and is known for good craftsmanship and high quality, and until 2007 the well known Finngulf boats were built on contract. From then Saare Yachts developed their own design of fast high quality sailboats from 38-46 feet, in cooperation with the long term and recognized Finngulf designer, Karl-Johan Stråhlmann.

This Saare 38.2 now for sale, is a one owner boat, specific built to the owners' requirements and experience from former boats owned by him, where only quality and comfort is considered, without considering price. This boat is also highlighted on the yard's website, and has been tested in the German magazine, Yacht 2/2019, in which article the high quality and good performance under sail are praised. The boat has been taken care of by professionals with full service and maintenance in winter storage hall. The boat is in excellent condition and ready to sail.

The boat is very easy to handle with a very clever lay out for short handed sail. The boat is upgraded to a 4 cylinder 45 hp common rail diesel engine with power and limited consumption. Jefa autopilot, stern and bow thruster, electric windlass, infurling mast with electric operated winch, and self-tacking jib. Together all this makes a comfortable, easy handled and safe sail. For detailed equipment list, please find attached PDF form.

Besides very good sail performance Saare 38.2 is characterized by very high quality craftsmanship, with all details considered, and the best materials and products chosen. Below deck the beautiful kaya mahogany stand out in the spacious salon and galley area. A spacious heads with a separate shower and direct access to a multifunction utility cabin (can also be reached from the cockpit). The owners forward cabin is roomy and light and equipped with the very comfortable Flexima comfort mattresses.

Side decks, coach roof and cockpit are equipped with teak and both deck hardware and deck layout are high quality and most appropriate and comfortable for easy and safe use.

Above you can download a detailed equipment specification as PDF.

Feel free to contact the responsible broker for all information needed, as well as making an appointment to see the boat.

VAT paid within EU.
