DESCRIPTION OF HALLBERG RASSY 38

Hallberg Rassy 38, the classic in a very good condition ready for new adventure. The Hallberg Rassy 38 was designed by the famous designer couple Olle Enderlein and Christoph Rassy and should become the basis of the later very famous HR concept now well renowned throughout. The hull was constructed in armed fibreglas with both vertical and longitudinal strengthening making her a very sturdy lady capable of taking on all you would ever face in long term cruising. She has been made for comfortable and safe cruising for those who want to go far – as far as you like.

This Hallberg Rassy has been well looked after by her owners and has been duly updated and cared for with a long list of improvements such as new teak decks in 2006, a new VP D2-55 engine in 2006, new rigging transforming her from sloop to cutter rigged with new Furlex furlers in 2013, new sails in 2019, new cushions throughout, new dodger and extension in 2020 and so on. The list is long and can be viewed in full in the equipment list as a pdf above.

FACTS

Loa: 11,57 m

Beam: 3,48 m

Draft: approx.1,75 m

Displacement: approx. 8500 kg

Engine: Volvo Penta D2-55 C

Hydraulic transmission, VP 3-blade folding prop

Berths: 7
